

WHEELERSBURG SCHOOLS ATHLETIC DEPARTMENT

Dear Parent:

Due to the potential in all sports for injuries, it is strongly suggested that every student participating on an athletic team be covered by a family insurance policy. Many parents have excellent insurance plans where employed which would cover athletic injuries. However, there are some students who are not covered but still wish to participate. For these students, it is suggested that their parents try to purchase a sports coverage plan from an insurance carrier.

The Ohio High School Athletic Association does have a catastrophic insurance plan for member schools. Coverage details are available on the OHSAA website.

Taking the above information into consideration, the Wheelersburg Athletic Department is offering a waiver for the parents whereby they may certify that their child is sufficiently covered and that no additional insurance is necessary. This form must be signed by the parents or legal guardian.

Every athlete must have a waiver on file in order to participate.
